Name: _____ Class: _____ Date: _____

Music Maker Design Worksheet

Design the screen layout for your own MusicMaker app on the following smartphone image first:

1. Sketch and color the button images you plan to use on the screen.

2. Name the buttons with words if necessary.

3. Label which sound files you will use for each button.

Below is an example.

Name: _____ Class: _____ Date: _____

Your screen design can be either horizontal (landscape mode) or vertical (portrait mode). Please ask your teacher for another copy of this page if there will be more than one screen on your app.
